3M Products

Website: www.chasdwest.com

Our website offers: the NAICS Codes and FSC Codes we commonly work under, a comprehensive list of Products we typically supply, a growing list of our Manufacturer Partners and their product details, and an eCommerce Catalog with 27 product categories and 500,000 products.

CODE 200 Engineering and Planning Officers

Our website has been developed to assist in sourcing products for Material Requisitions – both the immediate needs for Active Projects and needs for Future Projects.

See www.chasdwest.com >OUR PRODUCTS to use the easy RFQ process. More products are being rapidly added to better meet requisition needs.
